## The Bardel Prestige Photograph Album

The Prestige album is one of the most popular of the range of products we manufacture and with good reason. It gives the discerning customer all the flexibility he or she requires to present their pictures to the very best advantage.

Designed to open completely flat with built in compensation and the number of stiff, quality pages predetermined, planning what pictures should go where becomes an easy process.

With an individual slip case and bound to the highest standards within the bookbinding profession you will be justifiably proud of a beautiful photograph album that will last a lifetime and beyond.

### Personalized

Each album can be embossed on the front cover from our range of hot metal blocking type that will enhance the personal touch, and is tailored to suit your requirements with edge gilding in gold or silver as an option.
